Downloading
Please refer to the following link on the Exclaimer website:
http://www.exclaimer.com/email-alias-manager-for-exchange/download.

Installing – Transport Agent
Download the 'Email Alias Manager for Exchange' installation file 'setup.exe' and run on one of the supported operating systems listed under the Software heading in the System Requirements section. An MSI is available from support by contacting:
support@exclaimer.com.

Uninstalling – Transport Agent
Uninstall can be achieved via the 'setup.exe' or MSI for the currently installed version of

'Email Alias Manager for Exchange' or via 'Programs and Features' in your operating system.

Upgrading

Upgrade can be achieved via the 'setup.exe' which will perform an in-place upgrade.

Fixed Issues

- Only the aliases associated with the last account in the profile list were showing when multiple email accounts were defined in the Outlook. (bug 50571)
- Exception thrown when viewing or accepting meeting requests. (bug 51691)
- ~~Alias not used on replies when replying from the Outlook 2013 or 2016 preview pane. (bug 69447)~~
- Alias revealed on messages sent as another user, distribution group, public folder. (bug 72432)

New Features and changes

- Performance and scalability improvements.
- The list of aliases available are now determined by the account selected in the FROM field in Outlook.
